

I was going to write Lorem Ipsum here 47 times like they do for filler copy, but then I thought - "huh, where does Lorem Ipsum even come from?" So I looked it up.

- It comes from Cicero in ancient Rome, almost 2000 years ago.
- Lorem Ipsum are two first words of a book he wrote.
- Or actually, it's a truncation of the first two words - "dolorem ipsum" - which means "pain itself." No wonder they use it to describe writing!

Hope you enjoyed this little tidbit and the rest of Flowstate. We made it for writers, thinkers, notetakers, and people like us who just want to feel a little bit more human again!
